

Our client located in Mannheim is a fast-growing start-up that is focused on helping other companies to produce, move, sell and maintain physical goods by automating their operations using data and artificial intelligence. The main focus is on customer satisfaction and creating value by delivering end-to-end projects from design to implementation. For his location in Mannheim, our customer is looking for a qualified:

Junior Project Manager (m/f/d) - 40% remote possible

Job-ID: CF-00004231

Ort: Mannheim

Main tasks:

- Manage IT projects in classic and efficient way regarding time, resource, and quality, according to the required IT Project Management Policies
- Start, lead, and control the project (technically elaborate projects or programs) including report to the Portfolio Management and to the Steering Committee
- Since the early stage of the project initialization, you will support and lead the projects until they are successfully turned over to operational business
- International and local projects management with focus on SAP or non-SAP projects
- Coordinate test cycles (e.g., integration-, regression-, validation-test) throughout the project

Your technical qualifications:

- Project Management education by certified PM organization or correspondent
- First experience in leading IT projects and programs
- Strong presentation and communication skills
- Demonstrate leadership, interpersonal skills, and team player abilities
- Good German language skills

Your personal qualifications:

- Open mindset, passion to work with people, and positive attitude

Our client offers:

An international motivated team in a dynamic work environment. You can look forward to modern offices, a flexible work schedule and first-class equipment. Regular team events round out the package.
